**This program is designed for missionaries and other humanitarian cross-cultural workers, to give you a wonderful holiday with abundant opportunities for refreshment and renewal. You can choose any professional help (debriefing, counseling, medical consultation, massage, fitness assessment) as well as fun “electives” and basic room & board—all for one fee, brought to you by a dream team of professionals experienced in missions, volunteering their time to bring you a “buffet” of benefits.**

**Dr. Lois Dodds of Heartstream Resources  
will lead this week tailored to your needs!**
